

ANTHROPOGENESIS: The Evolution of the Human Soul as described in The Stanzas of Dzyan

The Stanzas of Dzyan

The Stanzas of Dzyan are considered to be part of the earliest writings about the Ancient Wisdom and form the foundation of the major work of H.P. Blavatsky - *The Secret Doctrine*. They contain the main ideas to be studied, contemplated and realized in a practical manner by all students of Theosophy.

The Seminar

The seminar gives the participants a unique opportunity to reach for a deeper understanding of the basis of the Stanzas of Dzyan, for the purpose of living and sharing its key ideas. The Stanzas will be explored in a modern, illustrative and interactive way, comparing with modern science, philosophical traditions and religious stories on the creation of cosmos and man.

The journey during the seminar:
