

## THE THEOSOPHICAL SOCIETY IN UKRAINE

### VOLUNTARY DECADE 2015

Dear friends, colleagues, brothers and sisters,

An important task that our society faces today is revival of morality, spirituality, and humanistic ideals. All those who follow the spiritual path are seeking opportunities that can help them express their inner aspiration to serve to evolution - its sublime purposes. The Theosophical Society in Ukraine also believes service to be core priority.

We have the special responsibility because the land we live in gave birth to a prominent woman, a foundress of the Theosophical Society, Elena Petrovna Blavatsky, who helped give the world the renewed Doctrine of Ageless Wisdom. Her family's building has survived – it is the building she and her family lived in for some period of time, now it hosts the Museum Centre (11, Leningadska St., Dnipropetrovsk, Kyiv, Ukraine). Actually, this building is in deplorable state, it has not undergone any repairs for so long, hasn't been heated for a few years. Despite it is a municipal property, the city hasn't disbursed any funds to restore the museum, so the theosophical community has undertaken the mission to save and restore this unique house in order to build up a spiritual centre there worthy of our well-known fellow countrywoman – to facilitate spiritual regeneration.

The **first stage repair works were done in August 3-12, 2013**. Over 60 volunteers took part in the ten-day event; they came from different cities of Ukraine, including Moscow. Contributions collected were used to purchase construction and building materials necessary to do the first stage works. However, it was the so called emergency repair to prevent the destruction of the building. But a lot of funds and physical efforts are required to restore it.

The **Second Voluntary decade-2014 has taken place at Dnipropetrovs'k from August, 12 till August, 21st**. It has begun with *Light Bearer Day* which is annually spent by *Museum centre of H.P.Blavatsky and her family* in occasion of H.P.B.'s birthday, on August, 12th. And since August, 13th the House was filled with knock of hammers, a sound of tools, and volunteers have started urgent works on maintenance at a stable condition of the House and its reduction in more attractive and convenient kind. Basements have been processed by an antiseptic tank and ventilating apertures are expanded, the waterproofing covering of a socle front part, clearing of an old paint of floors and window frames is spent. Again found hall also has demanded the big labour efforts that it was possible for people to gather in it, we could give to it a decent kind only as a first approximation. This year the number of volunteers was about 50. Employees of the Museum Centre, especially its director Julia Revenko set the fashion also. This year all financial requirements of Decade for purchase of building materials have been provided at the expense of charitable receipts from all over the world. More than 10 thousand hryvnas has been collected by TS in Ukraine, basically by branches at Kiev, Kirovograd and Dnipropetrovs'k. Our brothers from Moscow, Italy, Canada, Belgium, Germany have helped a lot with money also. Huge gratitude to all who has responded to our references concerning H.P.B. House repair. It is our general responsibility, our general care and pleasure.

The theosophical society in Ukraine appeals to all those who are going to support the restoration of the Building where Elena Blavatsky was born, to take part in the **3-d Volunteer Decade that will be held on August 12-21, 2015**. On August 12, 2015 there will be celebrated the *Light Bringer Day* to commemorate the Blavatsky's birth, the venue of this event is the Museum Centre. Next day the repairs will begin.

You can come and contribute to this project, to join the others in this work. The Organizational Committee can offer a few variants of accommodation. It is advisable to inform of your intention to

participate in advance, and to state how many days you are going to stay, whether you have any building service qualification, etc.

**Contact details of the Organization Committee:**

[org@theosophy.in.ua](mailto:org@theosophy.in.ua) +38 066 65 97 098. Gavrylenko Svitlana, Kyiv.  
[dnipro@theosophy.in.ua](mailto:dnipro@theosophy.in.ua) +38 067 630 16 46 Golovchenko Tetyana, Dnipropetrovsk

You can also collect and transfer a financial aid for purchase of construction and building materials. We can guarantee such funds will be used for intended purpose.
